ACHIEVEMENTS & HONORS

- Competitive Programming: 63+ LeetCode Rating problems; CodeChef 1353 (29 contests)
- English Proficiency: EF SET C2 Proficient (Score: 79/100)
- Technical Creativity: Participated in Vibe Coding Challenge (GITAM)
- Selection: Chosen for No-Code Development – Internship Internshala

KEY PROJECTS

CampusHub 2.0 – Smart Campus Platform

Full-stack smart campus platform integrating student services with AI-powered collaboration tools. Built StudySync to match students into study groups based on subject, availability, and skill level. Integrated a Gemini-powered assistant for academic support and query resolution.

Gemini API Full-stack React Node.js

Avotangi – WhatsApp AI Stylist

AI-powered WhatsApp fashion stylist bot that analyzes user preferences, body type, and occasion to deliver personalized outfit recommendations. Integrates LLM reasoning with conversational UX via WhatsApp Business API.

WhatsApp API LLM n8n Automation Gemini API

AI Resume Checker – Telegram Bot

AI-powered Telegram bot for automated resume evaluation and SWOT analysis. Engineered workflows to extract content from Google Docs and deliver structured feedback reports via email.

Telegram API LLMs Automation n8n

n8n AI Automation Workflows

Designed and deployed multiple AI-powered workflows for news summarization, email automation, and content generation. Focused on building scalable systems by integrating various APIs with Large Language Models.

n8n APIs LLMs Automation

Guru's Party Time – Micro-Venue Business

Designed a comprehensive business analysis and dynamic pricing structure for an indoor micro-venue event space. Developed scalable operational framework for managing short-term rentals, branding, and promotional web presence.

Business Analysis Web Design Vercel

PROFESSIONAL SUMMARY

Motivated Computer Science student specialising in Artificial Intelligence and Workflow Automation. Expert at building AI-powered applications and scalable workflows using Gemini, LLMs, n8n, and Make to develop practical, real-world solutions.
